

COVID Childcare Checklist

With the vast majority of our employees being working parents, Building Blocks and Child's World Academy truly understand everything that goes into a family's decision regarding childcare. Right now, we know how important it is for you to know all of the steps that childcare centers are taking to help reduce the spread and transmission of COVID-19. We invite you to use this simple checklist to help guide your current conversations with childcare providers and to use as a reference to help figure out where your family will feel the most supported.
